PRODUCER

Riesling and Pinot Noir are the stars of our winery. With these grape varieties we show the specific characteristics of world-famous terroirs like HÖLLENBERG, BERG SCHLOSSBERG, BERG ROTTLAND, BERG ROSENECK, BAIKEN and MARCOBRUNN with highest quality standards. With a philosophy of ecological cultivation we uncover the deeply hidden secrets of the vineyards. This potential can be fully realised in the cellar.

VITICULTURE + VINIFICATION

The Rheingau is one of the most distinguished wine regions of the world. Moving from east to west, the fairly flat, dimpled landscape evolves into progressively steep slopes. Mild winters and warm summers; the vineyards are protected from cold winds by the forest-capped Taunus Hills and benefit from the heat-reflecting surface of the Rhine. Handpicked | Selected grapes | Basket press | Natural settling | Lees contact Traditional oak barrels used for fermentation. No malolactic is used.

TASTING NOTE

"Fresh yellow fruit, peach, but also floral, rose, rose hip, and 'stony' notes. Elegant, enigmatic palate, straightforward and acid-fresh, but also with lots of extract in the discreet, almost slim structure. Juicy, long finish. Finesse!"(Quote Falstaff Wine Guide)
