PRODUCER

A&D Wines is a wine producing, family-owned company based in Baião, a sub-region in the Southeast Vinho Verde region. Our goal is to produce quality wines that express our land and the grape varieties we work with. Baião, where we are, is a transition area, located next to the border with the Douro region, which allows us to explore an unique terroir, where schist meets granit and where we have terraces and vineyards from 200 to more than 500 meters of altitude, allowing us to have a very diverse portfolio while only working with our own grapes, which are all grown in organic production mode.

A&D WINES

VITICULTURE + VINIFICATION

Winter was quite dry, and we had high temperatures in the spring but strong rainfall at the end of April, which was important to fill the water reserves of the vineyards. Summer was hotter than normal and very dry, so harvest was relatively early. Manual selection was followed by de-stemming. Soft pneumatic pressing. Must fermented in stainless steel vats at low temperature. Stabilisation and light filtering. No animal derivatives were used in the winemaking process making this wine vegan friendly. Special care was taken during winemaking, minimising any intervention, with the purpose of producing a natural wine that expresses the particularities of the plots of vines, grape varieties and climate. Must fermented in stainless steel vats at low temperature. No malolactic fermentation. No oak was used.

TASTING NOTE

Produced from vineyards of our Quinta de Santa Teresa, in organic production mode, this wine is made with typical varieties of the sub-region of Baião. LIV Rosé aims to be a fruit-forward, easy drinking Vinho Verde, great to drink on its own or to be a nice pairing in the right gastronomic context.
